*Poor Law Board, Whitehall,  
3d June 1862.*

MAY IT PLEASE YOUR MAJESTY,

We, the Poor Law Board, beg leave to present to Your Majesty the following Report of our proceedings during the past year.

We desire to submit, in the first instance, the following statements showing the condition of pauperism during that period.

The sum of 5,778,943*l.* was expended for the relief of the poor during the year which ended with the 25th of March 1861, being an increase of 323,979*l.* as compared with the sum expended during the preceding year.

Expenditure  
for Relief  
during the  
Year ended  
at Lady-day  
1861.

The following Table shows the comparison of the expenditure of the years 1859-60 and 1860-61 :—

Years ended Lady-day.	Expended for Relief of the Poor in England and Wales.	Increase in 1861, as compared with 1860.	Increase per Cent.	Rate per Head on Population.	Increased Rate per Head.

1860	5,454,964 }	323,979	5.9 }	5 6 }	0 3
1861	5,778,943 }			5 9 }	

*Note.*—The Summary of the Poor Rate Return inserted in the Appendix (page 45 *et seq.*) sets forth the expenditure, the total of which is shown in the above Table, more in detail. This expenditure comprises, “in-maintenance,” column (*a*); “out-relief,” column (*b*); “maintenance of lunatics in asylums and licensed houses,” column (*c*); “workhouse loans repaid, and interest thereon,” column (*d*); “salaries and rations of officers,” column (*e*); “other expenses of or immediately connected with relief,” column (*f*). Those “other expenses” comprehend the cost incurred for emigration, for extra medical relief and fees, and for the burial of paupers, &c.

The rate per cent. of the increase and decrease respectively in the expenditure for relief, as regards each union-county in England and Wales, is as follows :—

The preceding statements, taken from the Annual Poor Rate Returns, have reference to the year ending at Lady-day in each case, and comprise the expenditure for all purposes connected with the relief of the poor in England and Wales.

The following statements show the amount expended for relief only, in 646 Unions and Parishes under Boards of Guardians (comprising a population of 17,672,840, census 1851), and afford the means of comparing the expenditure under that head for the years ending respectively on the 29th of March 1860 and 1861, as well as those ending on the 25th of September of the same years :—

\* In the latter year the number of Unions became 647 by the formation of the Wirral Union into two Unions.

The amount expended for in-maintenance and out-door relief to irremovable paupers during the year ended at Lady-day 1861, is shown in respect of each union (so far as the returns enable us to discriminate it, from the cost of the same items of relief incurred in regard to other paupers) at page 142 of the Appendix.

Irremovable Paupers.

The unions making separate returns of this class of expenditure contain about *fifteen seventenths* of the entire population. The figures in the following Table have been abstracted from the Appendix to this and preceding annual reports.

The persons in receipt of relief in certain parishes in- Estimate of the Pauperism of England and Wales. corporated under Gilbert’s Act, or in single parishes still under 43d Elizabeth, (the population of such parishes being about 250,000,) are not included in the summaries given in this and the preceding page, no returns having been received from them.

We have, therefore, made an estimate of the numbers in receipt of relief in the places not included in the above summaries; and for the purpose of showing the average numbers at one time in receipt of relief during the whole year, we have taken the mean of the numbers in receipt of relief on the 1st of July and the 1st of January respectively.

The result of this estimate for each year from 1849 (being the first year for which it can be given) to 1861 appears in the following Table, which may be taken as exhibiting the pauperism of England and Wales.

\* The Population for 1851 and 1861 is that given in the Census ; that for the other years is estimated.

The decrease in the average number of paupers of all classes in receipt of relief at one time in 1861, as compared with 1849, is 18·8 per cent.; and as regards able-bodied paupers the decrease in 1861, as compared with 1849, is 36·3.

Insane  
Paupers,  
1st January  
1861.

We have caused the lists of lunatics, idiots, and other persons of unsound mind chargeable to the poor rates on the 1st January 1861, to be tabulated.

It appears from these that in 646 unions and single parishes under Boards of Guardians, there were 32,920 insane paupers, of whom 23,587 were lunatics and 9,333 idiots. The whole number of paupers, inclusive of the insane, was on the same day 891,868.

In regard to the sexes, it will be seen that 14,413 were males, and 18,507 females.

Insane Paupers.	Males.	Females.	Total.
Lunatics - -	10,071	13,516	23,587
Idiots - -	4,342	4,991	9,333
Total - -	14,413	18,507	32,920

These paupers were maintained in the following establishments ; or were lodged with strangers ; or resided with their relatives ; viz.—

- 17,373 in County or Borough Lunatic Asylums.
- 889 in Registered Hospitals, or in Licensed Houses.
- 8,543 in Union or Parish Workhouses.
- 758 in Lodgings, or Boarded Out.
- 5,357 Residing with Relatives.

The number of Insane Paupers in each Union-County is set forth, with other particulars, in the Appendix at page 262 *et seq.*

A statement will be found in the Appendix (page 268), showing the daily average number of children attending Workhouse Schools in England and Wales, as well as the number attending District Schools, during the half year ended at Lady Day 1861 ; and also the amount of money paid, from the Parliamentary Grant, in respect of the salaries of the schoolmasters and schoolmistresses for the year ended at the same period. The following is a summary of this statement :—

In our last Report we adverted to the difficulties which occurred in the winter of 1860-61, in consequence of the suspension of Trade during 1860-1.

sion of employment during a frost of unusual severity and duration. We also referred to the serious depression in certain branches of trade under which some districts were then suffering. We regret that a still more extended and lasting state of distress has occurred in the manufacturing districts during the past year. The lamentable events which have taken place in the United States of America have not only paralyzed one of the principal manufactures of this country, by stopping the supply and raising the price of cotton to about double its usual amount, but have deranged one of the most important of the markets for the chief products of our industry.

In Coventry,  
Foleshill,  
&c., Nor-  
wich, and  
Bermond-  
sey.

The principal trades affected in the year 1860-61 were the ribbon weaving of Coventry, Foleshill, and the neighbourhood; the boot and shoe manufacture in Norwich, Bermondsey, and other places; and the lace business of Nottingham. It is now our painful duty to add to that list the principal Unions of Lancashire and Cheshire engaged in the cotton manufacture; and some Unions in the North of England dependent for their prosperity upon the woollen, hardware, and other trades.

Distress in  
the Cotton  
Manufac-  
turing  
Districts.

We can best show the extent and pressure of the distress in the cotton manufacturing districts by computing the proportion of persons on the relief lists in the various Unions affected to the whole number of inhabitants in those places. This we have done in the following statement, where the Union under the severest pressure, as measured by the standard here employed, is placed first; and the others ranged in a descending series, thus:—

For the purpose of exhibiting, under another point of view, the augmentation of pauperism in the same Unions, we have caused a calculation to be made of the rate per cent. of increase in the half year ended at Lady-day 1862, on a comparison with the corresponding period of 1861. Remarking, however, that the numbers here, as in the previous Table, do not include those insane paupers who are confined in asylums; nor the tramps and vagrants who are usually relieved with a meal or two, and a night's lodging. The two classes together seldom exceed two per cent. of the general pauperism of the country.

The increase throughout this district in the weekly average number of paupers was 26,512 or 47·6 per cent.

Pauperism  
in other  
Districts  
affected by  
Depression  
in Trade.

Three important places, chiefly dependent upon the hardware trade, have likewise, during the past year, experienced a great accession of paupers. In Birmingham the numbers on the relief lists had risen, by the second week of January last, to 13,565; but we are happy to say that since that time the reviving business of the town has greatly reduced the number, though the pauperism is still considerably above the usual average of prosperous seasons. In the last week of April there were 10,076 paupers in receipt of relief. The Sheffield and the Ecclesall Bierlow Unions are the two other places alluded to. In the same weeks of January the pauperism of the Sheffield Union attained its maximum, when the numbers were 10,360; subsequently, a steady diminution took place, and by the end of April the numbers were reduced to 7,387. In the Ecclesall Bierlow Union the highest number was relieved in the same week of January, viz. 3,907. This has diminished with considerable steadiness each week, so that by the end of April the amount was nearly 1,400 lower than it was in January.

Precaution-  
ary Mea-  
sures taken

When the prospect of the existing distress first arose, we thought it right to draw the attention of the Guardians to the

subject, and we therefore issued a circular, dated the 11th November last, to the Unions in the manufacturing district, a copy of which will be found in the Appendix p. 27. by the Poor Law Board.

The answers to this circular assured the Board that no serious pressure existed at that time, and that generally the Guardians were prepared to meet any emergency which might be expected to arise.

We have the satisfaction to state, as indeed the statistical returns already adverted to show, that a very considerable diminution in the number of persons in receipt of relief in places not immediately connected with the cotton manufacture has taken place. Decrease of Pauperism in some Places.

We cannot conclude our observations on this subject without expressing our admiration of the spirit of independence which has been shown by many of the working classes, and of the fortitude and patience with which they have borne the privations under which they have unfortunately been so long suffering. Independence, Fortitude, and Patience shown by Working Classes.

In our last Report we stated that we had formed two Unions in the West Riding of Yorkshire out of certain parishes and townships previously ununited and others which had been erroneously considered to form part of some Gilbert Unions. We have since proceeded to form two other Unions in the same district out of parishes and townships similarly circumstanced. One of them is termed the Pontefract Union, and the other the Tadcaster Union, having the towns so named as the place of meeting of the Boards of Guardians. The names of the townships and other particulars of these Unions will be found in the Appendix, p. 301.

A summary of the returns of the number of persons vaccinated by the public vaccinators during the year ended at Michaelmas 1861, together with the number of births, is given in the Appendix, p. 304. This summary shows the number of persons vaccinated by the public vaccinators in England and Wales during the year to have been 432,806. The number of cases in which vaccination was reported as successful was 425,739. Vaccination.

In reference to the subject of vaccination, it is convenient here to refer to an Act of the last session of Parliament, 24 & 25 Vict. c. 59., which enables Boards of Guardians of Unions or Parishes, or the Overseers where there are no Guardians, to appoint a person to institute and conduct the requisite proceedings for enforcing obedience to the Vaccination Acts, and provides for the payment of the expenses, out of the poor rate of the parish where the offending person resides.

We have affixed our seal to the plans of new workhouses for the parish of Saint Leonard Shoreditch for 1,200 adult inmates, and for the Stepney Union for 900 adult inmates, also to plans for the enlargement or improvement of the workhouses of the following Unions: viz., Bermondsey (parish), Birmingham (parish), Bradford (York), Bury (Lancashire), Camberwell (parish), Cardiff, Chorlton, Cockermouth, Coventry, Darlington, Plans sealed, 1861.

Eastbourne, Ecclesall, Bierlow, Elham, Faversham, Foleshill, Saint George Southwark (parish), Greenwich, Hackney, Hailsham, Hendon, Saint James Westminster (parish), Lymington, Saint Mary, Newington (parish), Salford, Sherborne, Stourbridge, Wareham and Purbeck, West Bromwich, West Derby, Wigton, and Woodstock; also to plans for altering and improving the Manchester schoolhouse (at Swinton), and the schoolhouses of the following school districts: viz., North Surrey (at Penge), South East Shropshire (at Quatt), and South Metropolitan (at Sutton); likewise to plans of new Board Room Offices for the Derby Union and for the Prestwich Union, and also for a Burial Ground in connection with the Bolton Union Workhouse.

Addition of  
Extra-paro-  
chial Places  
to Unions.

After the passing of the statute for altering the basis upon which the contributions of parishes in Unions to the common fund are to be calculated, we deemed it right to take again into our consideration the state of the various places formerly extra-parochial, which were rendered liable to maintain their own poor by the Statute 20 Vict. c. 19. as parishes. Many of these places we have added to the Unions which they adjoin; and in some instances, where the area was very small, they have been annexed to the neighbouring parishes, under the power contained in section 4. of that statute. Some proceedings under this section are now pending. The list of places which have been added to the Unions from the date of the last Report up to the 31st of December 1861 is contained in the Appendix, No. 43., page 294.

Proposal for  
levying a  
rate in aid.

We think it right to mention, that in the course of this spring the parish officers of Bedworth in the Foleshill Union, finding the amount of poor rate for the current period very great and above the ordinary average, proposed to seek the benefit of the Statute 43 Eliz. c. 2. s. 3., by obtaining a rate in aid from some other parishes in the hundred which contains their parish. Summonses were issued by two justices to the overseers of several parishes which were lightly rated; but before the day of the hearing arrived they were abandoned, in consequence, as it was stated, of the reduction of the pauperism by the improvement of trade in the parish.

The opera-  
tion of  
22 & 23 Vict.  
c. 49.

The operation of the Act 22 & 23 Vict. c. 49., which contains the limitation upon Boards of Guardians in regard to the payment of the debts which they incur, and which has conferred upon the Poor Law Board the power of extending the period to a certain limit, has demanded much of our attention, as there is considerable difficulty in carrying into execution, in regard to tradesmen and professional men, the very strict rule which requires their accounts to be delivered to the Guardians, so as to enable the latter to liquidate the debts within three months from the end of the half year in which they are incurred.

It appears by the Table in the Appendix, page 302, that the number of orders issued by the Board for this purpose in 1861 was 131.

The Select Committee of the House of Commons appointed to inquire into the administration of the relief of the poor, under the orders, rules, and regulations issued by the Poor Law Commissioners and the Poor Law Board, pursuant to the provisions of the Poor Law Amendment Acts, and into the operation of the laws relating to the relief of the poor, to which we referred in our last annual Report, was reappointed on the 14th February 1862, and they have continued their sittings during the present session of Parliament.

Select Committee on Poor Relief.

We now proceed to give an account of the statutes passed in the session of 1861.

The first is the important Act, the 24 & 25 Vict. c. 55., which carried into effect the recommendations of the Select Committee of the House of Commons detailed in our last Report, p. 30.

Irremovable Poor Act, 24 & 25 Vict. c. 55. .

Accordingly, the period of residence required to confer the status of irremovability upon a poor person is reduced from five years to three; the area of residence is extended from the parish to the Union; special provisions are made for orphan children and deserted wives; the charge of all lunatic paupers maintained in asylums, and sent there from parishes in Unions, are made chargeable upon the common fund of such Unions; and the charge of the cost of irremovable poor upon the common fund, which had been the subject of periodical enactments, is made permanent.

The Act also contains provisions in reference to the relief of casual wayfarers and the temporarily sick paupers who remain in the Workhouses of Unions.

But the most important of its enactments is that which provides that after the 25th day of March last the contributions of parishes in Unions shall be calculated according to the rateable value of such parishes, instead of according to the averages established under the Poor Law Amendment Act.

We transmitted copies of this Act to all the Unions on the 1st of August 1861, and on the 31st of January and the 24th of March 1862 we addressed circular letters to the Boards of Guardians explanatory of its provisions. Copies of these letters are inserted in the Appendix, pp. 28 and 30.

The Act 24 & 25 Vict. c. 76. relates to the removal of Irish paupers from England to Ireland, and carried into effect the recommendations of the Select Committee above referred to, for mitigating the hardships which attend the removals of these paupers.

Removal of Irish Paupers, Act 24 & 25 Vict. c. 76.

The 1st section requires the application for the warrant of removal to be heard and determined in petty sessions, or by a stipendiary or police magistrate, who is to see the poor person,

and be satisfied that such person may be removed without suffering any injury. Section 2. prescribes certain particulars which the warrant is to contain, and provides for the place in Ireland to which the poor person may be sent. Section 3. requires a copy of the warrant to be sent by post to the clerk of the Guardians of the Union in Ireland to which the poor person is to be removed, and also a copy of the depositions, if required within a limited time.

The warrant is, by section 4., to order the removal to be made to the place mentioned in it, and that the persons charged with execution thereof shall cause the person, with his family, if any, to be safely conveyed to such place in Ireland, to be delivered at the workhouse of the Union containing the port of or nearest to the pauper's ultimate destination.

It is then provided in section 5. that the Guardians of the Union comprising such port may forward the pauper to the place of his ultimate destination, and recover the costs incurred, according to the certificate of the Poor Law Commissioners of Ireland.

Section 6. renders it unlawful to remove any woman or child under the age of 14 as a deck passenger in any vessel from England to Scotland or Ireland between the 1st of October and the 31st of March following.

The Act also abolished the appeal which had been provided by the 8 & 9 Vict. c. 117. against orders of removal of poor persons, natives of Ireland and Scotland.

Some difficulty has been experienced by Boards of Guardians in ascertaining the Unions in Ireland which contain the places where the poor persons are represented to have been born. A return has been ordered by the House of Commons, on the motion of Mr. Horsfall, in the present session, which will supply the requisite information, but in the meantime we have to observe that the Registrar General of Ireland has prepared, as part of the Census of that country for 1861, an alphabetical index of the townlands, and towns, parishes, and baronies of Ireland, which, among other matters, shows the Unions in Ireland in which all those places are contained. This has been presented to Parliament during the present session, and can be readily obtained and consulted.

Industrial  
Schools Act,  
24 & 25 Vict.  
113.

We have to notice that the Industrial Schools Act, 1861, (the 24 & 25 Vict. c. 113.,) in section 8. enables "the Guardians of  
" any Union or parish, wherein the relief of the poor is administered by a Board of Guardians, may, if they deem proper,  
" with the consent of the Poor Law Board, to contract with the  
" managers of any certified industrial school for the maintenance  
" and education of any pauper child."

This statute having by section 9. defined the descriptions of children to which it applies, prescribes by section 10. the mode in which justices shall send a child to the school, and provides that they shall have power, while inquiry is being made respecting such child, or respecting a school to which he may be sent, to

order him to be taken to the workhouse belonging to the parish in which such child has been found, and to be there detained (at the cost of the Union to which the parish belongs) for any time not exceeding *seven days*, or until an order be made previous to the expiration thereof for the discharge of such child, or his being sent to an industrial school, as therein-before provided, and such child shall be so detained accordingly.

In the Bankruptcy and Insolvency Act, 24 & 25 Vict. c. 134. Bankruptcy and Insolvency Act, 24 & 25 Vict. c. 134. s. 156., the Court of Bankruptcy is required to order payment of all parochial rates due from a bankrupt at the time of his being adjudicated a bankrupt, provided they have become due during the twelve months immediately preceding the bankruptcy.

Lastly, we have to refer to the Act 24 & 25 Vict. c. 125., Parochial Offices Act, 24 & 25 Vict. c. 125. which enables overseers in parishes which contain a population of 4,000 persons, with the consent of the vestry and the Poor Law Board, to procure offices for the transaction of the business of the parish, and furniture for the same, as well as proper depositories for the parish documents and books.

All which we humbly present to Your Majesty.

C. P. VILLIERS,

*President.*

CENSUS, 1861.—CIRCULAR LETTER from the POOR LAW BOARD to  
BOARDS OF GUARDIANS.

*Poor Law Board, Whitehall,  
28th March 1861.*

SIR,

I AM directed by the Poor Law Board to transmit, for the information of the Board of Guardians, the enclosed copy of a communication which they have received from the Registrar General on the subject of the proceedings which he proposes to adopt for obtaining, on the occasion of the ensuing Census, a correct return of the persons in Workhouses, and schools for pauper children.

The Board desire to point out that it is highly important that the returns in this inquiry should be made, in all cases, with as great accuracy and completeness as possible; and that particular attention should therefore be paid to the instructions which will be given by the Registrar General on the subject. The Board request the Guardians to be good enough to cause those instructions to be accurately followed by the Poor Law officers to whom they are addressed, both in those Workhouses and schools, the officers of which will be employed as enumerators and remunerated for their services, and also in those in which their duty will only be to fill up and return to the enumerator the schedule left with them for that purpose.

CENSUS 1861.—LETTER, referred to above, from the REGISTRAR  
GENERAL to the POOR LAW BOARD.

*Census Office, Craig's Court,  
20th March 1861.*

SIR,

ON the occasion of the ensuing Census to be taken on the 8th April, it will be the duty of the local officers to obtain, as heretofore, an account of the inmates of public institutions of every kind, according to the form approved by the Secretary of State.

Following the course adopted in 1851, I have selected all the Workhouses, and the schools for pauper children, likely to contain more than 200 inmates, as public institutions for which the master of principal resident officer shall be the enumerator under sect. 10. of the Act for taking the Census. He will be furnished with books wherein to enter the particulars,\* and will be entitled to payment for his trouble according to the scale of allowances fixed by the Treasury. In all other cases, the ordinary enumerator will leave an appropriate schedule in the course of the week ending April 6th, and will call for it on the day of the Census, when it should be delivered to him properly filled up, no payment being allowed for the performance of the duty imposed by the Act. Examples of the book and schedule are herewith sent.

I shall be obliged if you will have the goodness to submit to the Poor Law Board whether, in order to render the returns for Work-houses, &c. as complete and accurate as possible, they will be pleased to issue such directions as will ensure due attention to the matter on the part of the masters or other resident officers, and a full return of all the required particulars, whether the institution is one for which the master or head will receive remuneration as an enumerator, or not.

It is my desire to see the obligation imposed by law upon occupiers and others, in connexion with this great national inquiry, cheerfully carried out, so as to remove the necessity for enforcing, in any instances, the penalties provided in the Act.

I have, &c.

*Poor Law Board, Whitehall, S.W.,  
6th August 1861.*

SIR,

I AM directed by the Poor Law Board to transmit to the Guardians a copy of the Irremovable Poor Act, which received the Royal Assent a few days since.

## IRREMOVABLE POOR ACT.—24 &amp; 25 Vict. Cap. 55.

An Act to amend the Laws regarding the Removal of the Poor and the Contribution of Parishes to the Common Fund in Unions.

[1st August 1861.]

WHEREAS it is desirable that the laws for the removal of the poor should be amended: be it therefore enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

1. That after the twenty-fifth day of March next the period of three years shall be substituted for that of five years specified in the first section of the statute ninth and tenth Victoria, chapter sixty-six, and the residence of a person in any part of a Union shall have the same effect in reference to the provisions of the said section as a residence in any parish.

2. Where a child under the age of sixteen years, residing with its surviving parent, shall be left an orphan, and such parent shall at the time of death have acquired an exemption from removal by reason of a continued residence, such orphan shall, if not otherwise irremovable, be exempt from removal in like manner and to the same extent as if it had then acquired for itself an exemption from removal by residence.

3. Where a married woman shall have been or shall be deserted by her husband, and shall after his desertion reside for three years in such a manner as would, if she were a widow, render her exempt from removal, she shall not be liable to be removed from the parish wherein she shall be resident, unless her husband return to cohabit with her.

4. Where any destitute wayfarer, wanderer, or foundling shall be or become chargeable upon the common fund of any Union, the cost of the relief of such wayfarer, wanderer, or foundling shall continue to be charged to such common fund until the relief shall be discontinued.

5. When any person shall be or become chargeable upon the common fund of a Union, by reason of some accident or sickness which will not produce permanent disability, the chargeability upon such fund shall cease when the person shall be cured, and thenceforth, if the relief continue, the cost thereof shall be charged to the parish where the poor person shall be then residing, unless he shall be in the Workhouse of the Union, and in such case it shall be charged to the parish wherein he was residing when he was removed to such Workhouse, and the overseers of the parish so charged may apply for and obtain an order of removal.

6. The cost of the examination of any lunatic pauper, present or future, of his removal to and from and his maintenance in any asylum, licensed house, or registered hospital, who would under any provision of the sixteenth and seventeenth Victoria, chapter ninety-seven, be chargeable to a parish in a Union, shall from and after the twenty-fifth day of March next be borne by the common fund of the Union comprising such parish.

7. The Guardians of any Union may obtain orders upon the Guardians of any other Union, or upon the Guardians or overseers of any parish not comprised in a Union, or upon the treasurer of the county, and may appeal against or defend any orders in respect of any lunatic

paupers hereby made chargeable upon the common fund of the Union, in like manner and subject to the same incidents and provisions as are contained in the said last cited Act in respect of lunatic paupers chargeable to any parish in such Union : provided that every appeal now pending may be continued and determined as though this Act had not been passed.

8. The temporary provisions of the several statutes whereby the costs of the relief, burial, and maintenance of certain paupers have been made chargeable upon the common fund of Unions until the end of this session of parliament are hereby made perpetual.

9. And whereas it is also expedient to alter the mode in which the contributions of parishes to the common fund of the Union in which they are comprised are now calculated : be it therefore enacted, that after the twenty-fifth day of March next the several parishes comprised in any Union already formed or hereafter to be formed under the provisions of the fourth and fifth of William the Fourth, chapter seventy-six, shall contribute to the common fund thereof, in proportion to the annual rateable value of the lands, tenements, and hereditaments in such parishes respectively assessable by the laws in force for the time being to the relief of the poor, and in no other manner, whether the lands, tenements, and hereditaments shall be actually rated or not, and whether the rate levied shall be collected in full or upon any composition : provided always, that nothing herein contained shall alter or affect the liability of any parish comprised in any such Union in regard to any charge lawfully created in the said Union, and secured upon the poor rates of all or any of the parishes comprised therein, which shall have been created at any time previous to the said twenty-fifth day of March, but the same shall continue to be charged and payable in like manner as it would by law have been charged and payable if this Act had not been passed ; provided also, that nothing herein contained shall apply to any contribution which shall be in arrear from any parish in such Union on the said twenty-fifth day of March, but the same shall be recoverable and shall be applicable in the same manner as if this Act had not been passed.

10. The Guardians of every such Union, in computing the amount of contribution to the common fund from the several parishes, shall take the annual rateable value of such property in every parish therein from the valuation upon which such parish was assessed to the county rate, or, where there is no county rate, to the borough or ward rate, or other rate in the nature of a county rate, in the last assessment made not less than one month next preceding the day when the order for such contribution is made.

11. No order of Guardians for contribution purporting to be made in accordance with this Act shall be deemed to be void by reason of any error in the estimate of the rateable value of the property in any parish in the Union upon which the contribution shall have been calculated ; but every parish affected by such error shall be entitled to have the same set right in the making out and closing of the accounts of the Union or at the audit thereof.

12. The words used in this Act shall be construed in the like manner as in the said Act of King William the Fourth ; and the provisions contained therein and in the subsequent Acts explaining and extending the same, and not repealed, shall, so far as they shall be consistent herewith, be extended to this Act.

## GENERAL RECEIPT CHECK BOOK.—CIRCULAR LETTER from the POOR LAW BOARD to BOARDS OF GUARDIANS.

*Poor Law Board, Whitehall, S.W.,  
10th October 1861.*

SIR,

THE Poor Law Board direct me to refer you to their letter to district auditors, dated the 10th March 1851, in which they expressed their desire that all the books and forms prescribed by the orders for accounts should be properly kept and used by union and parochial officers, and that no neglect of any officer in this respect should be passed over by an auditor without its being brought by him under the notice of the Board.

Those orders, as you are aware, require a "General Receipt Check Book" to be kept and used by parochial officers when payments are made to them other than in respect of rates for the relief of the poor.

The Board do not doubt that, in accordance with the instruction above referred to, you have brought under their notice any instance arising in your own district in which the regulation in question has been departed from.

It may, however, occasionally come under your observation that the regulation is infringed by a collector or assistant overseer of a parish included in some other audit district than your own; and receipts may be sometimes presented to you as vouchers for payments made to such parishes which evidently have not been taken from the "General Receipt Check Book."

The Board will feel obliged if in future you will not only call their attention to any neglect on the part of the parochial officers of your own district duly to use the prescribed form of receipt, but if you will, also, bring under their notice any similar neglect which may attract your notice as having arisen elsewhere.

In doing so, the Board wish you to adopt the form of report which may be most convenient to yourself, and they leave you to determine whether the informal receipts should likewise be sent to this office or not.

The Board consider that the course of proceeding suggested will tend to prevent irregularity on the part of collectors and assistant overseers, and cause fraud and dishonesty to be more readily detected; whilst the Board trust that it will not materially increase the labours of the auditors.

I am, &amp;c.

H. FLEMING,

*Secretary.*

*District Auditor.*

## DISTRESS IN THE COTTON DISTRICTS.—LETTER from the POOR LAW BOARD to the GUARDIANS of UNIONS in that DISTRICT.

*Poor Law Board, Whitehall,  
11th November 1861.*

GENTLEMEN,

THE Poor Law Board have directed me to inform you, that they view with some apprehension the effects which may ensue in the manufacturing districts from the stagnation in the Cotton Trade, and that they are at present considering the manner in which any unusual amount of distress may be most effectively provided for.

The Board have no difficulty in assuring themselves, that the Guardians of the Poor will be enabled, through their own experience,

their habits of business, and their knowledge of the law, to meet any pressure which may result from a depression of trade; and the Board are also confident that the machinery of the law itself will, with judicious management, be found, as heretofore, equal to any emergency.

It is, however, the duty of the Board to notice the efforts of the Guardians of the Poor, and if possible, by virtue of their authority, to aid them in difficulties in which, by means of circumstances of unusual occurrence, they may be involved.

I am directed, therefore, to request you will have the goodness to furnish the Board with a report of the present position and prospects of your district, in order that they may be accurately informed as to your own views, and also as to the condition of the class more immediately affected by any displacement of the ordinary employment of the district.

I am, &c.

CONTRIBUTIONS TO THE COMMON FUND ACT OF 24 & 25 VICT. c. 55.—  
CIRCULAR LETTER from the POOR LAW BOARD to BOARDS OF  
GUARDIANS.

*Poor Law Board, Whitehall,  
31st January 1862.*

SIR,

I AM directed by the Poor Law Board to recall the attention of the Guardians to their letter of the 6th of August, on the subject of the Irremovable Poor Act, which was passed in the last Session of Parliament.

That Act (24 & 25 Vict. c. 55. applies to two distinct subjects,—the one relating to the removal of poor persons, and the other to the basis upon which the contributions of parishes in Unions to the common fund shall be calculated in future.

The latter subject is at the present time of the greater importance to Boards of Guardians, and their attention is accordingly directed to it in this letter.

The contributions to the common fund of Unions formed under the authority of the Poor Law Amendment Act have been hitherto calculated with reference to the average expenditure for the relief of the poor of the respective parishes comprised in those Unions, as declared by orders of this Board.

After the 25th day of March next this mode of calculating the contribution is to be altered, and thenceforth, by the 9th section of this new Act, the several parishes comprised in such Unions shall contribute to the common fund thereof in proportion to the annual rateable value of the lands, tenements, and hereditaments in such parishes respectively assessable to the Poor Rate, and in no other manner.

And in estimating such rateable value it is not to be considered whether the land shall be actually rated or not, or whether the rate levied shall be collected in full or upon any composition.

The clause, however, provides,—

First, that all charges lawfully created in the Unions previous to the said 25th of March shall continue to be charged and payable in like manner as they would by law have been charged and payable if the Act had not been passed.

Secondly, That contributions in arrear on the said 25th day of March shall also be recoverable and applicable in the same manner as if the Act had not been passed.

The Board do not anticipate that the Guardians will find any difficulty in comprehending the meaning of the new enactment; but to facilitate its application the Legislature have enabled the Guardians to avail themselves of a ready mode of ascertaining the amounts at which they are to estimate the rateable values of the several parishes in their Union.

Section 10. enables the Guardians to take the annual rateable value of the property in every parish in the Union from the valuation upon which such parish was assessed to the county rate, or where there is no county rate to the borough or ward rate, or other rate in the nature of a county rate.

The rate referred to is to be that in the last assessment, made not less than one month next preceding the day when the order for such contribution is made.

In many Unions the Guardians pay the county rate upon the precept delivered to them from the clerk of the peace on behalf of the parishes comprised therein; and consequently in such Unions the reference can be readily made by the Guardians to their own accounts for the means of adjusting the amount of contributions to the common fund.

But where the Guardians do not pay this rate they will probably find it most convenient to obtain the requisite information from the clerk of the peace; though the parochial balance sheets (Form No. 3. in the General Order of Accounts) delivered to them by the auditor contains the requisite information with reference to the parishes separately.

In regard to parishes in cities and boroughs a similar course should be adopted. The application should, however, be made to the town clerk instead of to the clerk of the peace.

The Board recommend the Guardians to appoint a committee of their own body to obtain the correct detailed information, and to ascertain the proper scale to be adopted for the contributions to be raised after the 25th of next March, and to lay their report before the Board of Guardians in time to enable the orders of contribution to be framed at the usual time, so as to come into operation after the above date.

It is obvious that all due care should be taken by the Guardians to obtain accurate information and to make their calculations strictly correct, but they will observe that there is a provision in the Act to prevent any embarrassment which might arise out of any inadvertent error or miscalculation on the part of the Guardians.

Section 11. enacts that no order for contribution purporting to be made in accordance with that Act shall be deemed to be void by reason of any error in the estimate of the rateable value of the property in any parish in the Union upon which the contribution shall have been calculated.

But every parish affected by such error shall be entitled to have the same corrected in the making out and closing of the accounts of the Union, or at the audit thereof.

The Board will only add that this new provision applies to every charge or expense which is by law payable out of the common fund, but does not in any respect alter the charge of relief which the law

otherwise requires to be borne by parishes separately. The Board will, however, in the course of a few days address another communication to the Guardians on the subject of the other provisions of this Act, some of which effect alterations in the chargeability of relief granted by them to certain paupers.

To

*The Clerk to the Guardians.*

*Assistant Secretary.*

No. 9.

IRREMOVABLE POOR AND COMMON FUND CHARGEABILITY, 24 & 25 VICT.  
c. 55.—CIRCULAR LETTER from the POOR LAW BOARD to BOARDS  
OF GUARDIANS.

*Poor Law Board, Whitehall,  
24th March 1862.*

SIR,

I AM directed by the Poor Law Board, in continuation of their previous communication upon the subject of the Irremovable Poor Act of the last Session, to call the attention of the Guardians to the portions of it not explained in their letter of the 31st of January last, which related solely to the contributions of parishes in Unions formed under the Poor Law Amendment Act to the common fund.

The rest of the statute applies to the condition of irremoveability attaching to certain classes of poor persons, and to the charging of certain relief to the common fund.

The 1st, 2d, and 3d sections apply to the irremovability of poor persons. The 1st section does not take effect until after the 25th inst., but the 2d and 3d came into operation when the statute was passed.

Section 1. enacts that after the 25th inst. the period of three years shall be substituted for five years, specified in the 9 & 10 Vict. c. 66. sect. 1. and the residence of a person in any part of a Union shall have the same effect in reference to the provisions of the said section as a residence in any parish.

In the case, therefore, where a poor person now or hereafter becoming chargeable shall have resided for three years in any parish, in such a manner as would have rendered him irremovable therefrom if he had resided there for five years, he will henceforth be irremovable from that parish, and if he become chargeable in a Union it will be sufficient if the continued residence shall have been in the same Union.

As inquiries have been made of the Board from many quarters as to the interpretation of this section, they think it desirable to state that it has, in their opinion, a retrospective as well as a prospective operation in both its clauses, so that it will not be necessary in any case to prove that the term or the residence in the Union commenced after the 25th of March instant. Such interpretation would clearly be most in furtherance of the intention of the Legislature, who intended by this statute to amend the laws for the removal of the poor. To give it a prospective interpretation only would, in effect, postpone its operation as regards this section for three years, while the other sections, which take effect on the same day, would have immediate operation.

Section 2. provides for orphan children, and enacts that where a child under the age of 16 years, residing with its surviving parent, shall be left an orphan, and such parent shall at the time of death

have acquired an exemption from removal by reason of a continued residence, such orphan shall, if not otherwise irremovable, be exempt from removal in like manner and to the same extent as if it had then acquired for itself an exemption from removal by residence.

This section will be applicable in the cases of all children under the age of three years, who are left orphans.

The 3d section applies to deserted wives. It enacts that where a married woman shall have been or shall be deserted by her husband, and shall, after his desertion, reside for three years in such a manner as would if she were a widow render her exempt from removal, she shall not be liable to be removed from the parish wherein she shall be resident, unless her husband return to cohabit with her.

The Board will only point out that there must be a residence for three years without relief, though, as in the case of a widow, the residence for such term need not be uninterruptedly without relief.

The next five sections relate to the chargeability of certain classes of poor persons upon the common fund of Unions, and consequently they do not apply to any Unions which have not a common fund.

The 4th Section provides that where any destitute wayfarer, wanderer, or foundling shall become chargeable upon the common fund of any Union the cost of the relief of such wayfarer, wanderer, or foundling shall continue to be charged to such fund until the relief shall be discontinued.

Heretofore, when a wanderer remained in a Workhouse into which he had been admitted he was considered to cease to be a wanderer, and becoming an inhabitant of the parish wherein the Workhouse was situated, was thenceforth chargeable to that parish. That rule is now set aside, and the pauper will continue to be chargeable to the common fund until the relief shall be discontinued.

Section 5. provides for another class of paupers heretofore temporarily charged upon the common fund.

It enacts that where any person shall become chargeable upon the common fund of a Union, by reason of some accident or sickness, which will not produce permanent disability, the chargeability upon such fund shall cease when the person shall be cured.

And thenceforth, if the relief continue, the cost thereof shall be charged to the parish where the poor person shall be then residing, unless he shall be in the Workhouse of the Union, and in such case it shall be charged to the parish wherein he was residing when he was removed to such Workhouse.

And the overseers of the parish so charged may apply for and obtain an order of removal.

This provision will prevent the recurrence of the grievance which was frequently sustained by parishes wherein the Workhouse was situated, when paupers ceased to be chargeable upon the common fund, and became chargeable to that parish.

The 6th section applies to lunatic paupers relieved in asylums, and will take effect after the 25th instant. Hitherto lunatics who, by reason of their residence, had acquired a right of irremovability at the time of their being removed to the asylum, were chargeable upon the common fund of the Union from which they were sent; but other lunatic paupers were chargeable to the parish from which they were sent to the asylum or to the parish of their settlement, or where no settlement could be ascertained, to the county.

The parochial liability for lunatics removed to those establishments in the cases of parishes in Union is now removed, and the common fund of the Union is substituted for it.

The statute enacts that the costs of the examination of any lunatic pauper, present or future, of his removal to and from, and his maintenance in, any Asylum, Licensed House, or Registered Hospital, who would, under any provision of the 16 & 17 Vict. c. 97., be chargeable to a parish in a Union, shall from and after the 25th day of March instant be borne by the common fund of the Union comprising such parish.

This provision applies, therefore, to the parish from which the lunatic shall be sent to the asylum and to the parish of the settlement.

But to enable the Guardians of the Union to obtain the proper redress specified in that Act, where it would have arisen in respect of any parish, it is provided in section 7., that the Guardians of any Union may obtain orders upon the Guardians of any other Union, or upon the Guardians or overseers of any parish not comprised in a Union, or upon the treasurer of the county; and may appeal against or defend any orders in respect of any lunatic paupers thereby made chargeable upon the common fund of the Union, in like manner and subject to the same incidents and provisions as are contained in the said last cited Act in respect of lunatic paupers chargeable to any parish in such Union.

The Guardians, therefore, who cause a lunatic pauper to be sent to an asylum may obtain an order upon the Guardians of another Union or parish in which the pauper is settled for their reimbursement, and so, on the other hand, the Guardians upon whom any order is made for such reimbursement may appeal against it. If the Guardians cannot ascertain the settlement of the lunatic they will be empowered to obtain an order upon the county for their reimbursement.

The Guardians will observe that these clauses only apply to the lunatics who are removed to an asylum, hospital, or licensed house; but the Board feel confident that the Guardians will not hesitate to cause such lunatics as are proper subjects for such establishments to be removed thither from any fear of increasing the common charges.

The above are objects with which the common fund is now charged for the first time. The Act also provides that these expenses, which have for many years been charged under temporary Acts to the common fund, shall now become permanent charges to that fund.

Section 8. enacts that the temporary provisions of the several statutes whereby the costs of the relief, burial, and maintenance of certain paupers have been made chargeable upon the common fund of Unions until the end of the Session of Parliament are thereby made perpetual.

The Guardians will remember that these paupers were the irremovable poor, and the destitute wayfarers, wanderers, and foundlings.

To these classes are now to be added the lunatic paupers above described.

The statute ends with the usual clause referring to the statute of the 4 & 5 W. 4. c. 76. for the construction of the words in it, and extends all the provisions of that and the subsequent explanatory and extending Acts to it.

The Board think it will be convenient upon this occasion to refer the Guardians to the Industrial Schools Act, 1861, (the 24 & 25 Vict. c. 113.,) which in section 8. enables "the Guardians of any Union or parish if they deem proper, with the consent of the Poor Law Board, to contract with the managers of any certified industrial school for the maintenance and education of any pauper child."

This statute having defined the descriptions of children to which the Act shall apply, prescribes the mode in which justices shall send any one of them to the school, and provides in section 10. that the justices shall have power, while inquiry is being made respecting such child, or respecting a school to which he may be sent, to order him to be taken to the Workhouse belonging to the parish in which such child has been found, and to be detained therein at the cost of the Union to which the parish belongs, for any time not exceeding seven days, or until an order be made previous to the expiration thereof for the discharge of such child, or his being sent to an industrial school, as therein-before provided, and such child shall be so detained accordingly.

In reference to this provision the Board recommend the Guardians to instruct the master of the Workhouse what his duties are in respect of a child so brought to him, and to require him to report the fact to the Guardians at their next meeting.

To

I am, &c.

The Clerk to the Guardians.

Assistant Secretary.

No. 10.

POOR RATE RETURN.—REMARKS on the Annual Poor Rate Return,  
Year ended Lady-day 1861. [No. 324. (D.) Sess. 1861.]

The present Return is the *fifty-fourth* annual publication of the Poor Rate Returns.

This Return is, in respect of the number of places which it represents, the most complete of the Statistics of pauperism; for in it the sums levied and expended as Poor Rates throughout the whole of England and Wales are exhibited; excepting only some small Parishes, which are stated by the overseers either to have “No poor,” or to make no levy “yet.”

The number of Parishes maintaining or liable to maintain their own poor is printed in the following Table, which relates to the parochial year under consideration.

It is given here as approximately correct only, but when the detailed Census of 1861 shall be published, the figures representing the number of the parishes under the 43d Elizabeth will be subjected to revision:—

Parochial-ization.

“Extra-parochial” places were not, heretofore, liable to maintain their own poor; but they are now becoming Parishes, under the operation of 20 Vict. c. 19. (Extra-parochial Places Act.) The ultimate addition, however, which this will make to the existing Parishes is not at present known.

Valuations to the Poor Rates.

The net annual value of property assessed to the Poor’s Rate has been returned in respect of four parochial years. “The Gross Estimated Rental” is also returned for the last of these years.

\* The details of these Valuations will be found in the following papers, printed by order of the House of Commons, viz., No. 235 “Real Property,” 1842; No. 735 “Poor Rates, &c.,” 1848; No. 539 “Poor Rate Assessment,” 1852; No. 63 “Population, &c. of Parishes,” 1858; and No. 251 “Population, Inhabited Houses, &c.,” 1859. The “Gross Estimated Rental,” and the “Rateable Value” for each Parish is given with respect to the Parochial year 1856 in No. 491, “Poor Rates, &c.,” Session 1861.

Receipts and Expenditure in 1859, 1860, and 1861.

The Returns, in a contracted shape, are exhibited in the next Table, for the last three years, with the rate per head, on the estimated population, of the amount levied as Poor’s Rate, and of the amount expended in relief:—

Large proportion of expenditure for purposes unconnected with relief.

*Four-fifths* of the expenditure, described in the last Table as for “All other Purposes,” consists of payments which have no connexion whatever with relief to the poor. This part of the Poor Rate Expenditure, which is foreign to the object originally contemplated in the enactment of the rate, has greatly increased since the passing of the Poor Law Amendment Act in 1834, in consequence of the imposition of new and the augmentation of old charges. The next Table exhibits, separately, all the charges referred to, so far as the returns permit. The heaviest item is the disbursement in respect of the “County, Hundred, or Borough Rate, or Police Rate.”

Considerably more than *one fourth* of the whole Poor Rates now levied are expended for purposes unconnected with relief to the poor. Besides the charges here shown, there are some others paid out of the Rate, but which are not discriminated, such as the expenses incurred for sanitary purposes, and the cost of providing new burial grounds.

Principal Charges which constitute Relief to the Poor.

The principal heads of expenditure, which constitute "Relief to the Poor," are shown in the next Table, together with the average price of wheat for the three years.

The column in the Return, which succeeds that of "Total Expenditure," contains the expense of *Medical Relief* only; this consists of salaries to the Medical Officers; extra Medical Fees paid to them under the General Consolidated Order; also, the cost (if any) of medical and surgical appliances, and drugs. The sums in this column are not additional to those given in Column 4. § A, of the Return; because, the various items of Medical Relief are included in sub-columns (e) or (f), as forming a portion of the "Relief to the Poor:" the "Medical Relief" is printed separately, as indicating an important and special subject of Poor Law administration.

Medical Relief.

The sums expended under this head during the three last years were as follows:

For 1858-59	-	-	-	-	£ 233,124
1859-60	-	-	-	-	236,339
1860-61	-	-	-	-	238,233

Twenty-six Unions and single Parishes, chiefly Metropolitan, are combined into School Districts; the contributions which each Union makes to the treasurer of its district are included in the other items of relief, and, as such, entered in the proper columns of the Poor Rate Return; this, then, like the Medical Relief, does not represent any additional expenditure, having been heretofore properly included in the amounts printed opposite to the respective Unions concerned, at pages 16, et seq.

School Districts.

The sums contributed by each Union to the School District; and, the sums expended by each district and for each Union during the parochial year 1860-61, are contained in the subjoined Table:—

† Central London.—There were 33 children belonging to St. Pancras Parish in school at Lady-day 1861; that number enters into the average as given above. The absolute cost per child for food, clothing, lodging, personal superintendence, and education is as given above, 27*l.* 5*s.* 11*d.* for the year; but the charge to the ratepayers was reduced on this occasion by placing a part of the proceeds of the sale of the Norwood establishment, amounting to 3,684*l.* 4*s.* 2*d.*, to their credit.  
‡ South East Shropshire.—Inclusive of 34 children belonging to unions not included in the school district.

The following Table shows the comparison of the expenditure of the two years 1859-60 and 1860-61 :—

IN-MAINTENANCE AND OUT-DOOR RELIEF.—REMARKS on the Returns of  
In and Out door Relief, Half Year ended Lady-day 1861. [No. 383  
(c. 1.) Sess. 1860.]

THE Returns of In-maintenance and Out-door Relief, printed at pp. 18-60, have been received from 646 Unions and single Parishes under Boards of Guardians ; but two of that number, namely, Shrewsbury, and Montgomery and Pool, give the cost of In-maintenance only.

Number of  
Unions re-  
turned.

The amount expended in the 646 Unions and Parishes during the half-year was, for—

In-maintenance.	Out-door Relief.	Total.
£ 556,485	£ 1,516,909	£ 2,073,394

The population of the places referred to was 17,672,840, according to the Census of 1851 ; the entire population of England and Wales then being 17,927,609.

The sum expended for irremovable paupers can be shown for 606 Unions and Single Parishes only, as the other places keep no separate account of their disbursements in respect of this class of poor.

Irremovable  
Paupers.

The 606 Unions and Parishes contain about 15-17ths of the entire population of the Kingdom ; the sum expended in them for relief during the half-year was, in respect of—

	In-maintenance.	Out-door Relief.	TOTAL.
	£	£	£
Irremovable Paupers -	78,286	369,638	447,924
Other Paupers - -	360,884	1,030,600	1,391,484
TOTAL -	439,170	1,400,238	1,839,408

The cost of relief to the Irremovable Paupers was 32·2 per cent. on the cost of relief to the other Paupers during the half-year ; but during the half-year ended at Lady-day 1860, the ratio was 31·1 per cent. ; so that the proportion has risen 1·1 per cent. during that period.

The following Table is a comparative statement of the Expenditure for the half years ended at Lady-day 1860 and 1861 in 646 Unions and Single Parishes.

State of Em-  
ployment.

The extent of employment among the labouring population, during the periods under consideration, is, to a certain extent, indicated by the official Tables of the declared value of the imports and exports of the United Kingdom.

Compara-  
tive Expen-  
diture in  
Divisions.

Comparing the expenditure for In-maintenance and Out-door Relief of the Lady-day half year 1861, with that of 1860, it will be found there was an *increase* of 180,621*l.*, or 9·5 per cent. ; and it will be seen, by the two next Tables, that each Division and County increased its expenditure. This increase is mainly attributable to two causes ;

namely, the great rise which has taken place in the price of bread, potatoes, meat, and other articles of food, and the severity of the weather at Christmas, which, in all parts of the country, threw large numbers out of employment.

IN-MAINTENANCE AND OUT-RELIEF.—REMARKS on the Returns of In-maintenance and Out-door Relief, Half Year ended Michaelmas 1861. [No. 324 (c.) Session 1861.]

Number of  
Unions re-  
turned.

THE Returns of In-maintenance and Out-door Relief, printed at pp. 18-60\*, have been received from 649 Unions and single Parishes under Boards of Guardians; but two of that number, namely, Shrewsbury, and Montgomery and Pool, give the cost of In-maintenance only; and two, namely Wetherby and Wharfedale, are now entered for the first time in this statement.

The amount expended in the 649 Unions and Parishes during the half year was, for—

In-maintenance.		Out-door Relief.		Total.
£ 531,636	- -	£ 1,518,817	- -	£ 2,050,453

The population of the places referred to was 19,791,934, according to the Census of 1861; the entire population of England and Wales being 20,061,725.

Irremovable  
Paupers.

The sum expended for Irremovable Paupers can be shown for 608 Unions and single Parishes only; as the other places keep no separate account of their disbursements in respect of this class of poor.

The 608 Unions and Parishes contain about 15-17ths of the entire population of the Kingdom; the sum expended in them for relief during the half year was, in respect of—

	In-Maintenance.	Out-Door Relief.	TOTAL.
	£	£	£
Irremovable Paupers -	77,272	373,100	450,372

TOTAL -	411,009	1,399,169	1,810,178

The cost of relief to the Irremovable Paupers was 33·1 per cent. on the cost of relief to the other Paupers during the half year; but during the half year ended at Michaelmas 1860, the ratio was 31·6 per cent.; so that the proportion has risen 1·5 per cent., comparing the former period with the latter.

## No. 25.

REMARKS ON THE RETURNS OF PAUPERISM.—SUMMARY of Returns of Pauperism,  
of the Number of Paupers relieved on the 1st July 1861. 1st July.  
[No. 324 (B.) Sess. 1861.]

THE present publication contains the Tabulated Returns of 649 Unions and Single Parishes under Boards of Guardians; but in respect of two places, namely, the Incorporation of Shrewsbury and that of Montgomery and Pool, the Returns are limited to the number of *In-door* paupers relieved.

The only places from which no Returns have been received are 250 Parishes which are either incorporated under Gilbert's Act, or which are still under the 43d Elizabeth. The following is a list of their number in respect of each Union County :—

The aggregate population of the 649 places by the Census of 1861 is 19,836,000; and the total number of paupers on the 1st July 1861 is,

<u>In-door.</u>	<u>Out-door.</u>	<u>Total.</u>
116,012	735,562	851,574

This gives the proportion of paupers as 1 in 23, or 4·3 per cent. on the actual population.

Comparison  
of 1st July  
1861, 1860,  
and 1859.

Comparing the numbers returned on the 1st July 1861 with those at the same date in 1860 and 1859, the figures stand thus :—

\* From this number 744 paupers relieved in the Wetherby and the Wharfedale Unions, now returned for the first time, are necessarily, for the purpose of a just comparison, excluded.

† Some places return not only the insane paupers in the workhouse but those also who are in asylums as “ In door.” The exact number in the workhouses will be published in the Parliamentary Paper, No. 383—(E.)—Session 1860.

The fourth Table exhibits the number of Paupers, distinguishing the able-bodied, not able-bodied, insane, and vagrants, for each division of the kingdom.

The number of paupers of all classes in receipt of relief on the 1st of July 1860 and 1861, with the increase, is exhibited in the next Table. Seventh Table.

REMARKS ON THE RETURNS OF PAUPERISM. — SUMMARY of Returns of the Number of Paupers relieved on the 1st January 1862. [No. 324 (B.) Sess. 1861.]

THE present publication contains the Tabulated Returns of 649 Unions and Single Parishes under Boards of Guardians ; but in respect of two places, namely, the Incorporation of Shrewsbury and that of Montgomery and Pool, the Returns are limited to the number of *In-door* Paupers relieved.

The only places from which no Returns have been received, are 250 Parishes which are either incorporated under Gilbert's Act, or which are still under the 43d Elizabeth. The following is a list of their number in respect of each Union County :—

Pauperism, 1st January. The aggregate population of the 649 places by the Census of 1861 is 19,836,000 ; and the total number of paupers on the 1st January 1862, is,

In-door.			Out-door.			Total.
<hr/>			<hr/>			<hr/>
143,191	-	-	802,975	-	-	946,166

This gives the proportion of paupers as 1 in 21, or 4·8 per cent. on the actual population.

Comparing the numbers returned on the 1st January 1862 with those at the same date in 1861 and in 1860, the figures stand thus :—

Comparison of 1st Jan. 1862, 1861, and 1860.

as compared with July 1858, that many unions included in their statements of the number of paupers relieved pauper lunatics in asylums and licensed houses, paupers receiving medical relief only, and non-resident paupers. the 1st January (or July), and therefore entered in the in-door and out-door totals on that day ; also those non- the accounts of the unions to which it was chargeable.

WEEKLY RETURNS OF PAUPERISM FOR THE YEAR  
ENDING JANUARY 1862, AND FOR THE CORRE-  
SPONDING WEEKS OF THE PREVIOUS YEAR.  
[No. 383. (A. X.), Session 1860, and No. 324. (A. to A. IX.),  
Session 1861.]

MEMORANDUM as to the ARRANGEMENT of the WEEKLY RETURNS  
of PAUPERISM.

THE Returns of the Number of Paupers relieved on the *last day* of each Week do not include the "Lunatic Paupers in Asylums and Licensed Houses," nor the number of "Vagrants" relieved. These classes form only a small portion of the entire pauperism of the country. According to the latest Returns (1st January 1860), the number contained in the two classes was 2·2 per cent. of the total pauperism.

The Pauper Lunatics in Asylums are not generally subject to variations in number to the same degree as the other classes of Paupers, and the number of Vagrants relieved by the Unions throughout the country has become too small to need a return so frequently as once a week. These considerations led to the exclusion of the two classes.

There are at present 14,816\* parishes in England and Wales maintaining or liable to maintain their own poor: returns of pauperism are received weekly in respect of 14,567 of that number; 249 parishes, incorporated under Gilbert's Act, or still under the provisions of the 43d Elizabeth, make no return of the number of paupers which they relieve.

The Returns are arranged under eleven divisions. The Union-counties which fall under each are shown in the following view:—

\* Many places not heretofore liable to maintain their own poor are becoming parishes under the operation of the Extra-parochial Places Act; to what extent this will ultimately increase the number of parishes in England and Wales cannot, at present, be stated; since the publication of the Return for December 1858, 154 new parishes have been recorded here.

(*Paupers in Lunatic Asylums and Vagrants not included.*)

The Return now published completes this portion of the Series for the parochial year 1860-61. The four following Tables are given in continuation of those prefixed to the monthly publication for December last.

The Tables are—

- 2d. ————— the comparative pauperism of the quarter.
- 3d. NORTH MIDLAND, NORTH WESTERN, and YORK DIVISIONS ; the comparative pauperism of the quarter.
- 4th. THE METROPOLIS ; the comparative pauperism of the quarter.

## QUARTERLY STATEMENT AS TO PAUPERISM.—MIDSUMMER 1861.

*(Paupers in Lunatic Asylums and Vagrants not included.)*

The present Return completes the Monthly Series for the Quarter ended at Midsummer 1861. The four following Tables are given in continuation of those prefixed to the monthly publication for March last.

The Tables are—

1st. ENGLAND and WALES ; the pauperism in the consecutive weeks of the quarter.

2d. ————— the comparative pauperism of the quarter.

3d. NORTH MIDLAND, NORTH WESTERN, and YORK DIVISIONS ; the comparative pauperism of the quarter.

4th. THE METROPOLIS ; the comparative pauperism of the quarter.

1. In the first Table, each week, compared with its predecessor, with two exceptions, shows a decrease in the number of paupers: 852,980 were the numbers relieved in the last week of March (Lady-day) ; but in the fourth week of June (Midsummer) they had fallen to 816,442, which is a decrease of 36,538, or 4·3 per cent. less at Midsummer than Lady-day.

## QUARTERLY STATEMENT AS TO PAUPERISM, CHRISTMAS 1861.

*(Paupers in Lunatic Asylums and Vagrants not included.)*

The Return now published completes this portion of the Series for the year 1861. The four following Tables are given in continuation of those prefixed to the monthly publication for September last.

The Tables are—

1st. ENGLAND and WALES ; the pauperism in the consecutive weeks of the quarter.

2d. ————— the comparative pauperism of the quarter.

3d. NORTH MIDLAND, NORTH WESTERN, and YORK DIVISIONS ; the comparative pauperism of the quarter.

4th. THE METROPOLIS ; the comparative pauperism of the quarter.

1. In the first Table, each week is compared with the one immediately preceding it. The last week of the year is higher than the last week of the Michaelmas quarter by 85,517 paupers ; some increase is usual in the winter quarters, attributable to the diminution of out-door employment, in consequence of the change in the season.

tion.

1. The Statistics of Fauper Insanity contained in this paper have been compiled from the lists of "Lunatics, Idiots, and other Persons of Unsound Mind," who were chargeable to the Poor Rates on the 1st January 1861. These lists are made out annually by the Clerks to the Guardians and transmitted to the Poor Law Board, in compliance with the 16 & 17 Vict. c. 97. s. 64., and in the form prescribed by Schedule D. of that Statute.

Places re-  
turned.

2. Returns have been received from 646\* Unions and Single Parishes under Boards of Guardians; the Population of these places, according to the Census of 1851, is 17,672,840; but, the actual population was, on the day upon which the Census of 1861 was taken, 19,772,000. The number of Insane Paupers chargeable to the Poor Rates in those places, on the 1st January, is shown below :—

Number of Paupers on 1st January 1861.	Whereof were Insane Paupers.	Namely :—	
		Lunatics.	Idiots.
891,868	32,920	23,587	9,333

Thus 3·69 per cent. of the pauperism, on the 1st January last, is ascribable to Insanity; the Lunatics being 2·64 per cent., and the Idiots 1·05 per cent.

of the Sexes.
